Flu Vaccine Requirement Information
On Wednesday, October 6th, Health Information Services sent all students a secure message reminding them of the University's flu vaccine requirement. Harvard University Health Services (HUHS) is reminding students that this year's flu vaccination is required for all students. All students on campus, students returning to campus for the first time for the spring semester, and transfer students, must be fully compliant with all Harvard vaccination requirements, including the flu vaccine, in order to enroll in classes and to participate in on-campus activities. **Registration holds will be activated Monday November 29th for all students who are non-compliant for the flu vaccine requirement.** All students should reply directly to the secure message they will be receiving with any questions regarding their compliance.
