Additionally, **A310H – Race, Equity, and Leadership** is open enrollment and does not require instructor permission.

Finally, **A710D – The College Admissions Process: Practice, Policy, and Research** is a Lottery-based enrollment course. You will need to add it as part of the lottery event.

**Flu Vaccine Requirement Information**

On Friday, November 5th, Harvard University Health Services (HUHS) sent a secure message to all students reminding them that this year’s flu vaccination is required for all students. All students on campus, students returning to campus for the first time for the spring semester, and transfer students, must be fully compliant with all Harvard vaccination requirements, including the flu vaccine, in order to enroll in classes and to participate in on-campus activities.

Registration holds will be activated **Monday, December 10th** for all students who are non-compliant for the flu vaccine requirement. Please reply directly to the secure message you received with any questions regarding their compliance. You can also reach out to mrecords@huhs.harvard.edu or call Health Information Services, (617) 495-2055.
