**HGSE Courses**

Courses offered during academic year 2021-2022 are viewable in [my.Harvard](https://my.harvard). Please be aware that development of the course list is still in progress and that additions and changes will be made right up until the time of course enrollment. For that reason, it is a good idea to check the listing frequently.

Course Previews

Students will have two opportunities to preview HGSE classes in advance of course enrollment:

1. By attending live, 25-minute question and answer sessions during schoolwide Orientation. Fall Q&A sessions will be scheduled on **Tuesday, August 31, and Wednesday, September 1**. The preview schedule will be posted to [my.Harvard](http://my.harvard) on Friday, August 27. These live sessions will also be recorded and posted to course websites.
2. By viewing 8-10-minute pre-recorded videos created by the course instructors and posted to their course websites. These videos will be made available to students early next week.
