However, we will be monitoring our email during this time. If you have any questions, please contact us at registrar@gse.harvard.edu.**

Start-of-Year Survey Reminder

Please pause to provide some quick feedback on your transition to HGSE by **completing the brief survey** emailed to you from Shayna Kessel (subject line "**Invitation to share your feedback: Start-of-Year Survey**"). If you complete the survey **by today, November 1**, you may enter to win a gift valued at \$75. Your thoughts and guidance are deeply valued and will shape how HGSE works to support you and your future peers. Thank you!

January Term

Please see below for our January Term 2024 enrollment timeline. Detailed information about January Term Registration 2024 can be found in this [link](#). **Please note that January Term is optional.**

Credits for courses taken during January Term **count toward** the **spring semester minimums** and toward the **overall** degree program **minimum** and **maximum credits**. Courses taken during January Term **do not** count towards **spring semester maximum** (20 credits for full-time students and 10 credits for part-time students). **Students enrolled under the flat tuition rate may take J-Term courses at no extra charge, but they must not exceed the 56-credit maximum).**

January Term modules are intensive and require concentrated work over a brief period of time. For that reason, **students are encouraged to enroll in only one January Term module or course at a time** (including courses through cross-registration). Students may choose to enroll in more than one course during January Term only if the faculty members of the courses they plan to take allow students to take additional courses concurrently, but under no circumstances will students be permitted to miss class meetings due to a conflict of class meeting times. **Students may enroll in no more than 4 credits during January Term.**

Course Previews

Course previews at HGSE classes occur in two parts in advance of course enrollment:

1. **Course Previews, Part I:** By viewing 8-10-minute pre-recorded videos created by the course instructors and posted to their course websites. These videos will be made available to students starting on Friday, November 3.
2. **Course Previews, Part II:** By attending an **ONLINE live**, 25-minute question and answer sessions. [J-Term Q&A sessions](#) will be scheduled on **Monday, November 6th and Tuesday, November 7th**. The preview schedule is now available in [my.Harvard](#). These live sessions will also be recorded and posted to course websites. **It is highly recommended that you watch the pre-recorded videos before attending the Live Q&A sessions.**

You can search for J-Term courses and Live Q&A schedule by going to the Browse Courses section and click on “Graduate School of Education.”

January Term Lottery-Based Enrollment

The January Term lottery-based enrollment for HGSE **residential** courses will open in my.Harvard on **Monday, November 6th at 12:01am ET**, and will remain so until **Monday, November 13th** when it will close at **11:59pm ET**. While the lottery is open, you will be able to add, delete, or change your course ranked choices. The results of the lottery-based enrollment will be posted in my.Harvard on **Tuesday, November 14th at 3:00pm ET**. **Please note that there is only 1 Lottery-based Enrollment course offered this J-Term: A710Z.**

Please note that the lottery-based enrollment process is NOT a first-come, first-serve process. All ranked preferences will be run via an algorithm that randomizes choices and does not take time of submission into account. In other words, your ranked preferences are treated equally if submitted within the deadline.

Here are some important highlights:

- **Lottery-Based Enrollment Courses: A710Z**
- The limit for January Term is 4 credits.
- Each student may receive up to 4 credits and/or waitlist spots.
- **HGSE Students do not need to submit petitions for specific courses to participate.**
- Students are automatically enrolled if they receive a placement in the lottery. No further action is needed.
- These enrollments are dropped at 12:00PM EDT on Monday December 4 if registration holds have not been lifted.
- The waitlist automatically enrolls students who receive spots. Waitlist information is viewable by instructors and students in my.Harvard.
- Students may add themselves to the waitlist for full courses during add/drop.
